

Southern Fairfield County Area Service Committee

Vice Chair
Robert M.
June 20, 2018

I have communicated with the treasurer and literature chair over this past month and will continue to reach out to the administrative committee in the month to come.

I attended the H&I subcommittee meeting held on May 20. There are always needed men and women to fill positions for bringing presentations into facilities like hospitals and jails.

We are in a forward progression with fulfilling positions here at area, but still lack a complete administrative committee. Please bring back to your groups the open positions that are still available for volunteers.

Thank you for allowing me to serve,

Robert M.
