

CRCC, Inc.
Connecticut Regional Convention Committee
Alternate Executive Director's Report

08-03-13

I attended the last Board of Directors meeting on July 21st. Two new Board members were elected. A check was sent to the IRS to pay our debt in full. Negotiations continue regarding the forgiveness of the debt. We will no longer accrue any further interest or penalties, and if they forgive the debt, most of what we paid should be refunded.

We went over the two bids that were received from the Stamford Hilton and Stamford Marriot hotels for the 2015/2016 conventions. There were some significant differences between the two bids. The Marriot was given a chance to rebid. Two other Board members and I went to the Marriot for a site visit. They are willing to match the Hilton's prices and seem to have adequate facilities to handle our needs. It will be suggested to the rest of the Board that they visit the hotel as a group before making a decision.

I spent considerable time working on developing a tool to compute the prices for this year's convention registration and entertainment events. An email will be sent out to the Board showing the calculations and suggested prices. The intent is to discuss it at the hotel site visit as there will not be a regular meeting of the Board in August.

I also spent some time talking with the Technical Director and testing out our new on-line data storage. We will gradually move all our electronic documents to on-line storage. Currently they are spread out all over in various computers, which can lead to loss of documents and other problems.

Thank you for trusting me to serve,

Ron B.
