

2/7/15

Policy Chair Committee Report – Mark F

Policy Chair meet Jay L., a previous Policy Chair and committee member to be brought up to date on the committee's activity over the last few years and beyond.

Policy Chair wants to thank his predecessor's previously in this position and committee members that have worked hard for many years to develop the Area's current Policy Guide.

Items to be addressed going forward, within one to two months:

1. Review current Policy Guide to understand and then guide Area of current policy as warranted.
2. Work to revise Policy Guide, along with Policy Committee members, to complete work that has been started by previous committees.
3. Identify and revise Policy Guide for purpose of clarity, following Policy Committee member's recommendations, where such changes do not alter the intent and/or substance of current Area Policy.

Meetings will be held after SFCASCNA meetings when site is confirmed to available for those meetings. Unfortunately, today's meeting will not be held due to an unexpected commitment in Stamford, CT.

In Loving Service,

Mark F.
