

Southern Fairfield County Area RCM Report May 2, 2015

I attended the RSC meeting the April 17, 2015. I have copies of the Regional Meeting minutes and Subcommittee reports. Be sure to send your events, sponsored by groups and subcommittees to Bill B our Web servant after checking the Regional Calendar to prevent conflicts or overlaps. Please submit the OI form for any event which needs insurance coverage.

I reported our area activities and open commitments. Please let me know what information the SFCA wants me to announce or address at Region this month on behalf of our area GSR's.

CT Region made a donation to the WSO in the amount of \$374.56. The region's checkbook balance is \$3,644.17.

Adam H, RD and Tony F, AD from CT region hosted "Northeast Mini Symposium" on April 24-26. The NEZF was a success. I attended the Friday night session where the fourteen regions introduced RD's and AD's and gave regional reports. I attended the Saturday sessions: Communication for GSRs, H&I Best practices and PR Best practices. The breakfast lunch and dinner was a success. The speaker meeting featured a speaker from New York with 30+ years of recovery. The NA Family Feud Activity followed dinner. Unfortunately some unidentified NA members brought illicit literature in to distribute after the speaker meeting.

The RD was not present at Region, so no report. The AD report was dishonest, a motion was made to not accept the report and RCMs voted to not accept the report. The RD said that if the Region thinks he is not fulfilling his commitment, the go ahead and vote him out of the position. Some at regional table agreed with this, More will be revealed.

Open commitments at Region: WSR Chair, Alternate Treasurer, Alternate Web-Servant, TVA BOD.

The CCA BOD was filled by election of Steve B with qualifications and willingness to serve.

The standing policy and facilitator position was filled by Mike (Danbury) who is also the Chairman of BOD CTCNA. He was nominated and elected with qualifications and willingness to serve.

The old business motion to vote on today to bring back to Region is: To fund one learning NA conference for both the PR and H&I Chairs to attend annually. The intent is to better inform the CT Regional committees.

The new business consisted of a motion from GHA: "That any trusted servant of CTRSC not use social media to conduct business of NA. This Chair committed this motion to the Policy Facilitator to better understand the definitions of social media and business. Included GHA Social Media Ad Hoc Report to read since this will be coming to us for a vote next month.

The BOD reported they intend to fund flow the excess monies from CTCNA to region.

In loving service,

Taffy C., RCM
