

Southern Fairfield County Area Web Servant Report

Saturday June 1st, 2013

I have submitted all of the reports that I have received to date to be uploaded to our areas page on the CT regional website. For April, the only reports I received were the H&I subcommittee report from Alex and the BOD report from Ron. I also have asked that some H&I support flyers be uploaded.

In order to have the most information possible available to our membership, I am again asking that all reports submitted at area, including the area minutes be sent to me via e-mail so they can be added to our webpage.

I have also asked that the online meeting list, as well as phone line be notified that the “Lost then Found” meeting will be meeting Saturdays from 7:00 to 8:30 at Silver Hill Hospital / Juergensen Room from 6/15/13 to 8/31/13 instead of at United Methodist Church. This change will not be made to the printed books due to the fact this a temporary change for the summer.

Please send reports and flyers to me at sfanaweb@gmail.com If you add this address to your contact list, it should prevent it being blocked or caught in a spam filter.
