

CRCC, Inc.
Connecticut Regional Convention Committee
BOD Report

05-07-16

I attended the CRCC, Inc. Board of Directors meeting on April 10th. Elections were held. Troy B. was elected to an At Large position and Nicole D. was elected Technical Director. The Danbury, Midstate, and Greater New Haven area Board terms are still out to their respective Areas.

I checked with our insurance agent to clarify some questions that pertained to the wording used in the convention programs as to who has to register for the convention. The wording will now read as follows: "all children must be registered to attend the convention however children under 13 are free. All children 13 and under must be accompanied by an adult."

I have volunteered to work with another Board member to make corrections to the Bylaws.

The hotel contracts are signed for the 2017 and 2018 conventions.

There have been motions made at Region to conduct a survey of the addicts in the Connecticut Region about alternatives to having the Convention in Stamford. The Board of Directors has assembled an ad hoc group to perform the necessary research and make a presentation at Region during one of the "B" months.

Thank you all for trusting me to serve,

Ron B.
