

SFCANA Policy Subcommittee

May 7, 2016

The Policy Committee met in April with low attendance. The Sub-Committee will meet today, directly following ASC. The Committee is looking for members to read this year's final draft, make suggestion and bring suggestions to next month's Sub-Committee meeting for suggestions to be included in the Policy Manual (format only), once they have been discussed. The Draft has been reviewed from start to finish and organizational changes have been made within.

As noted at last month's meeting, the Policy Chair was unable to locate a policy that was apparently voted in sometime in 2013, regarding methadone maintenance and service positions at Area. It is encouraged that that if members of Area want a specific drug replacement therapy policy entered into the Policy Manual that at this time, since the previously policy cannot be found, a member who feels strongly about this policy being contained in the Manual, could proposed a replacement.

#### **WE NEED RECOVERING ADDICTS**

**THE ONLY REQUIREMENT FOR MEMBERSHIP IS THE WILLINGNESS TO SERVE!!!**

In loving service,

MARK F
