

**CRCC, Inc.**  
**Connecticut Regional Convention Committee**  
**BOD Report**

11-05-16

I attended the CRCC, Inc. Board of Directors meeting on October 9th. The Greater Danbury, Midstate Unity, Greater New Haven, and Tunxis Valley area Board seats are still out to the fellowship. I talked with two other addicts at length about taking positions on the Board. One was interested in the New Haven Area seat and the other was interested in the Alternate Technical Director position.

The contract for the tapers has been approved. The registration merchandise vendor was also chosen.

The Board did a presentation at the Regional Service Committee meeting. The purpose of the presentation was to address the motions that were put forth at Region to explore the possibility of having the convention somewhere other than Stamford after the 2018 convention. The presentation explained the process of obtaining bids from hotels and negotiating with them to meet our requirements and get the best deal for the fellowship. It also covered some specific hotels that the Board has visited.

Please announce at your meetings that convention registration is open. You can register online or by mail. Registering early saves you \$10.00 on a full package registration and as an added bonus, you will be entered into a drawing for a free hotel room. There will be two winners. Also, be sure your group has some of the convention brochures.

Thank you all for trusting me to serve,

Ron B.
