

Hospitals and Institutions Subcommittee

Chair Report

September 2015

SFCANA H&I met as usual on the last Sunday of the month (8/30) at CCAR. There were 11 voting members in attendance. We had one addict re-qualify for service. We currently serve 7 facilities, down from 13 at the beginning of this year.

All BCC presentations are on hold due to restructuring in-house. Women's APT and Mary Magdalene have both been put on hold until further notice. We again find ourselves without the women's support to fulfill our commitments to these facilities. More will be revealed.

We determined at our subcommittee meeting that we needed to move our Learning Day picnic back to October 25th so we can have a bit more time to plan. We decided on Shelton because we really need the bulk of our support today to come from Bridgeport area meetings as most of the facilities we serve are up here. We have reserved both the Memorial building and the adjacent ball fields for plenty of activities. This is sure to be a fun event as we are planning a Welcome Autumn party with plenty of fellowship and food! Flyers are here and all are invited to attend to share about strengthening our recovery rather than just staying abstinent.

Our Learning Day this year comes at a particularly important time. As we close facilities due to lack of support, we are potentially missing out on carrying the message of recovery and hope to hundreds of addicts every single week.

Grateful to be alive and recovering,

Andrew S.
