

Hospitals and Institutions Subcommittee

Chair Report

November 2015

SFCANA H&I met as usual on the last Sunday of the month (10/25) at CCAR. There were 8 voting members in attendance.

I did attend Regional H&I on 11/4 in New Britain.

Our meeting was held a few hours after our Learning Day which was well attended. We had two new members join us and one addict who will hopefully continue to stay involved with H&I until we can place her in a facility.

All three of our women's facilities are currently on hold due to lack of support. We have two addicts who have committed to bringing our presentation into BCC and will be up and running there in December after they requalify for service.

Thank you for allowing me to serve you.

Grateful to be alive and recovering,

Andrew S.
